

The Vanguard School of Lake Wales

Tuition and Fee Schedule 2024-25

Application

All new students applying for enrollment must meet Admissions process requirements. Inquiries are directed to complete a contact form found at <https://www.vanguardschool.org/inquiry>. The school application is available through The Vanguard School website at <https://van-fl.client.renweb.com/oa/?memberid=1935> and incurs the application fee of **\$175.00**.

International Student I-20

International students who do not have a US passport will need to provide a signed contract, digital picture of their passport, and schedule an appointment with their consulate. The costs associated with the I-20 include a **\$200.00** fee to The Vanguard School, and an additional **\$350.00** paid online to SEVIS.

Student Tuition

Student tuition costs are reviewed and accepted on an annual basis. An increased cost of living adjustment may be added, ranging from 1% to 6%, as determined by the Finance Committee. As a 501c3, The Vanguard School develops its annual budget through a predicted cycle of tailored tuition contributions, fundraising activities, annual fund donations, and grants. These costs cover Academic programming, textbooks, materials, training/professional development, intensive skill remediation, meals, clubs, and social activities, and more.

7-Day Residential and Academic Tuition	\$56,515.00
5-Day Residential and Academic Tuition	\$49,995.00
Day Only Academic Tuition	\$26,960.00

Tuition Insurance (4.1%)

Tuition Insurance is required for first-year students and any returning students who do not pay in full at registration, or carry a Florida state scholarship, as they are paid out quarterly. The **cost is 4.1% of the full tuition, or the Parent Responsibility amount** if families qualify for Tailored Tuition. This payment is due at registration or at the time of enrollment if the student is starting after the academic year has commenced.

Student Account

The Student Account is provided to cover fees such as uniforms, a basic package for annual school pictures, yearbook, lab fees, etc., and for boarding students additional fees such as transportation at breaks, and laundry costs. The fees are as follows:

All Boarding Students: **\$2,000.00**

All Day Only Students: **\$500.00**

Florida State Scholarships

Florida resident families are encouraged to apply for Florida state scholarships for which their student meets eligibility. This portion is included as Parent Responsibility as the requirements to maintain eligibility are the responsibility of the parent. The Vanguard School accepts a number of these scholarships, and parents should inquire during the admissions process. More information is available at <https://www.stepupforstudents.org/scholarships/logins/>.

In-House Tailored Tuition

If families are unable to meet the full amount of tuition, they can request to be considered for **Tailored Tuition**. This process includes a third-party assessment and application of the family's financial situation and may recommend a "tailored" tuition percentage that the family can feasibly meet for the annual tuition contribution to the school's annual financial needs. Families can access this application at <https://www.solutionsbysss.com/>, and incurs an application fee of **\$60.00**.
